

Matte finish Clear Lined Application film

BACKING

AT-65L is a high tack, matte finish, polypropylene application tape on a white kraft release liner. Because AT-65L is a lined application film, sign makers can cut sections of application tape to match the exact dimensions of the graphic. The result is very little tape wasted. Following the application of graphics, AT-60L can be returned to the release liner for reuse during another application.

ADHESIVE

Coated with an acrylic adhesive, this tape is designed for clean pick up and transfer of all brands of cast or calendered vinyl. The exceptional clarity of the facestock and adhesive aids precise registration of multi-color graphics. The stable adhesive will not build in tack level when applied to vinyl graphics for extended periods of storage, therefore transfer is never a problem.

PHYSICAL SPECIFICATIONS	
Film	3.7 mil (93 μ) orange peel polyethylene
Adhesive	Modified Polyacrylate
Color	Transparent
Release Liner	5 mil (127 μ) thick
Total tape thickness (PSTC-33)	4.5 mil (113m μ)
*Adhesion to Vinyl	6-8 oz/inch width (1.67-2.22 N/25mm)
Tensile (PSTC-31)	3600 psi (25 Mpa)
Elongation	700%
Tear resistance	N/A
Application temperature	Min +10C°

**Adhesion after 1 hour on blue cast vinyl.*

FEATURES

- Forgiving adhesive system! If the adhesive side of the film accidentally folds onto itself, it is easy to pull apart without delamination!
- Easy unwind eliminates exhausting application tape struggles.
- Rigid polypropylene facestock minimizes misalignment problems.
- Excellent lay flat to resist curling.
- Unique adhesive system will not build to vinyl during storage of graphics.
- Airbrush artists can use AT-65L as a frisket for masking artwork, protecting it from overspray and smudges caused by handling. The highly transparent, rigid polypropylene film allows the artist to cut intricate masks easily. The textured film accepts marking pen drawing so masks can be cut after the film is removed from the artwork. After cutting, the excellent clarity of AT-65L allows the user to precisely register cut pieces of film.

WARRANTY

TAPES ARE ONLY WARRANTED TO BE FREE OF DEFECTS IN WORKMANSHIP OR MATERIAL AT TIME OF SHIPMENT. MANUFACTURER WILL REPLACE OR CREDIT ANY MATERIAL MANUFACTURER DEEMS DEFECTIVE. NO ACCEPTANCE OR RESPONSIBILITY FOR LOSS, DAMAGE, OR EXPENSE, IMPLIED OR OTHERWISE, SHALL BE ASSUMED BY SELLER OR MANUFACTURER. USER ASSUMES ALL RISK AND LIABILITY IN CONNECTION HEREWITH.
