Diffracto-Lite

Diffracto-Lite (R)

Metalized prism and holographic pattern plastic films

Diffracto-Lite (R) is a Registered Trademark (#1,231,119) of Coburn Graphic Films, Inc. KO (R) is a Registered Trademark (#1,596,363) for heavyweight textured release liner and produced under U.S. Patent (4,761,320); both are property of CET Inc.

This product line is produced in a PVC copolymer offering a selection of 44 different patterns in 42 standard color options including fluorescents; custom color matching available. Patterns are second surface micro embossed ensuring a perfectly smooth top surface for compatibility with all conventional printing and die cutting systems including thermal. Factory sheeting is available
